PRESIDENT'S CHAT

If you did not attend the Pasta Fest, you missed a really great time. George Walker, George Nale and Chris Bhola did a super job and deserve a "Well Done" for their efforts. It was also a pleasure to see many Quarter Century Club members in attendance. It's not too late to sign up for the **Annual Club Picnic** on **May 22**. It also promises to be lots of fun.

The Highway Clean-up committee is in dire need of some additional members. If you have the time please call Doug or Evelyn Dean at 264-9502.

Our Club Cultural Walk escort, Fred Grometer, has officially retired and the Club is in need of someone to take his place. That individual will receive the highest compensation the club can offer--Our Gratitude. Please call George Walker at 268-7623 if you are interested.

Please don't forget you can have direct access to your newsletter online. The best part is the illustrations are in color and you get an earlier notice of trips and events.

Happy Easter

Sunshine Report

Jean Kile had cataract surgery and she is OK, in fact she was at bowling last week.

Neil Rowland has had that nasty old flu and has been in the hospital. I sure hope you get better really soon, Neil. We like to see that smiling face of yours, and also like our hugs.

Jim Viallet was supposed to go into the hospital for rotator cuff surgery. But he got sick first and ended up in the hospital. Come on Jim, get well and have your surgery. Get it over with, we miss you.

Dick Sementelli is undergoing eight weeks of radiation treatment for prostate cancer. He is in great spirits and even worked Adopt-a-highway on March 14.

How about this beautiful weather? Now maybe everyone will start feeling better. I sure hope so. Well, you all stay well, and I hope to see you all real soon.

Egypt and Nile River Tour

♪ *See The Pyramids Along The Nile* ♪

The magnificent pyramids are only a small sample of the wonders to be found in Egypt. Upon arriving at Cairo our group of retirees and their distinguished guests were greeted by executives of the Egyptian Tour Company holding a colorful sign saying "Welcome IBM Retirees Top VIP Group". Each person received a bouquet of roses, hibiscus tea, pastries and chocolates. Our tour guide, Noha Sidky, soon to be known as 'Mama Pharaoh', introduced herself. Noha, an Egyptologist who taught at the University of Cairo, was selected as one of the top ten tour guides in Egypt. Following a city tour of Cairo we were taken to the Grand Hyatt Hotel located on the banks of the Nile in view of the Pyramids. While in Cairo we visited the Egyptian Antiquities Museum, home to the King Tut exhibit, and took a walk through the El Khalili Bazaar. In Luxor we boarded the 5 star M/S Crown Prince, our home for the next 7 days. Our day tours included many Egyptian ruins such as The Temple of Luxor, The Temple of Karnak with an evening spectacular sound and light show, a trip by horse-drawn carriage to The Temple of Horus and many others. The Valley of the Kings and The Valley of the Queens are located in this section of the Nile (the Luxor West Bank) and we had the opportunity to visit the Tombs of the ancient Pharaohs. Our mini-cruise ship eventually reached Aswan, site of the dam that created Lake Nasser. We enjoyed a sail in a Felucca (small sailboat) that led us to our 'High Tea' at the Old Cataract Hotel by sunset. Our tour in Aswan included a flight to Abu Simbel, a restored monolithic temple recovered from the depths of Lake Nasser during building of the Aswan Dam with funding from UNISCO. Much to our surprise a tribe of 20 Nubian drummers and dancers greeted our private group at the Aswan airport upon our return from Abu Simbel. Our group returned to Cairo to become guests of the local Tour Company's president at the exclusive Cairo Capitol Club. There, we shared the dining room with Egypt's Prime Minister's family. We spent our last full day camel riding in the Sahara Desert. We were treated to an in-depth tour of the Sakkara and Giza pyramids, and the Solar Boat Museum at the foot of the great pyramid of Khufu (Cheops). We then enjoyed a late lunch as the sun was setting at the foot of the Sphinx. That evening we were invited to the home of an Egyptian family for a delightful late dinner. The group, who visited Istanbul, Turkey, had the unique experience of visiting four continents in a single tour--North America, Africa, Europe and Asia. Istanbul is a beautiful city, but if you think we have it bad, they pay about ten U.S. dollars per gallon of gas.

Generally speaking, all the food served us was outstanding, the service was impeccable, facilities the finest. We were shown much courtesy and treated with great respect. Top security was maintained at all times based on the insistence of the Egyptian Government. The extensive security hardly seemed necessary as Egyptians are warm-hearted and are anxious to please their guests. There does not appear to be any animosity toward Americans, and many Egyptians will let you know that they have family living somewhere in the United States. A grand time was had by all!

Letters to the Editor

Who is Joan Yoder?

Joan is a good friend of mine. I first met Joan when we both worked for Bergmann's department store in Willow Glen. She was the head bookkeeper and I was a clerk. Joan and I became good friends. We, the Thompson's and the Yoder's, went camping. Joan and her wonderful husband, Raymond, had 3 children -- Beverly, Steve and Rod. We spent a lot of time together. If you ever ate at Bergmann's restaurant, you would know what a wonderful cook and pie maker Joan was. She took over the restaurant and you could smell her pies for miles around. People would come from all over, just to buy her pies. Matter of fact, they would come from miles just to get her cooking.

I don't think there isn't anything this wonderful woman can't do. She made me formals to wear, as I was in a formal almost every night. In due time, the Yoder's moved on. Ray and I would go visit them wherever they moved to. And, in time, we kind of lost track of each other, but not for long. She was always there for me, when I needed her. We keep in touch with each other by e-mail. Every morning, when I get on, there is a letter from Joan, telling me what she doing or gonna do.

I told her, some three years ago, that I had a new job, and that was to get gift certificates for our IBM Retirement Club picnic, that comes in May. So I had been going to all the businesses I could think of, hoping they would help us. She dropped me a note and said, "Would you like me to make you a 'lap robe?'" I was really happy because I didn't know she made quilts or lap robes or anything like that. She sent me two lap robes for our picnic and they were beautiful. They were the first thing to go, when numbers were drawn. They were door prizes!

The next year she did the same thing. And again, they were first to go. But she surprised me and sent me one. I used to collect clowns and she remembered and made a pretty one with clowns on it. It also had our dog, Heidi, on it that Joan remembered from our camping trips. Well, I fell in love with it, and asked her to make one with cats for my daughter Pam. Pam just loved it. So I asked her to make two more, one with cats and one with dogs. Oh my, you would have thought I gave my friends a million dollars, they love them so much. Well, this year Joan has sent us another one and you should see it. It is to die for. She has won first place in quilt making, first place in pie making, first place in jam making. I think first place in everything.

Joan and husband, Raymond, do the entire quilt making together. He daughter, Beverly, also does this and wouldn't you know, Bev took after her mom and cooks just like her and sews just like her too.

Joan and Ray keep really busy, not only selling the quilts they make, but they also help the schools around them. A grade school close by them needed some help with making a quilt. The kids had colored the squares of material and Yoder's took them home and put them all together to make a quilt to hang on the wall. And if that isn't enough, they are working on 15 to 20 quilts for kids in the third world.

You can guess the name Yoder is Amish. I was so very lucky to go into a Yoder house when I was in the Amish country last year, on one of our wonderful IBM trips. Joan told me the Yoder is very common, like the name Smith here.

Well, Joan and Raymond, we, the IBM Retirement Club, want to thank you so very much for the wonderful things you have made for us. If you are ever in California in May, you are welcome to come to our picnic. Ray and I would like you to be our guests.

Again, Thank you,
From all of us,
Topsy

Hikes

Mount Diablo Hike **Friday, April 13, 2007, 10:00 AM**

Friday the 13th will be your lucky day if you join us on this moderately difficult 4.2-mile hike on 3,940-foot Mount Diablo. Mt. Diablo State Park is one of the Bay Area's ecological treasures. Every season in the park has its special qualities. In April, we hope to see some lovely wildflowers, and if it's a clear day, unparalleled views that are said to be as grand as those on Africa's Mt. Kilimanjaro.

You will be taking a long drive from San Jose to the trailhead, but once you are off the "beaten path" and driving on the back roads to the park, you will be in another world. We will be hiking on the Juniper and Summit trails, with a stop at the summit of Mt. Diablo. Our route is a loop, beginning at the Juniper campground. The hike involves about 900 feet of elevation gain, most of it in the first 1.5 miles. At the summit, we will stop for a visit to the museum, housed in a building erected by the CCC in the late 1930's. Restrooms and a small store are available here. The rest of the hike is mainly downhill using different trails, but with a surprise uphill jaunt at the end. We'll finish up with a picnic lunch at the Juniper Campground.

To get to the meeting point from San Jose, travel towards Danville on Interstate 680 to the Diablo Road/Danville exit. Follow Diablo Road 3 miles to Mt. Diablo Scenic Blvd. Turn left onto Mt. Diablo Scenic Blvd – which soon becomes South Gate Road – and go 3.7 miles to the South Gate entrance station. Continue on South Gate Road another 3.2 miles to Park Headquarters and a junction with North Gate and Summit roads. Turn right onto Summit Road and go 2/3 miles to Diablo Valley Overlook, a large parking area at a sharp bend in the road, at the entrance to the Juniper Campground. We will meet in the parking area.

As the drive is a long one, with slow and curvy roads once you're off the freeway, we suggest that you allow 1-1/2 hours driving time. Carpoolers should meet at the Camden Park and Ride (Camden & Highway 85) at 8:15 AM. Note that there is a \$5 State Parks entrance fee per vehicle. Because the trails may be muddy and there are some steep gravelly areas, we strongly encourage sturdy hiking boots and walking sticks. Dress in layers as it might be colder at the higher altitude. Bring your lunch and water and come prepared to see some great views!

Sunol/Ohlone Regional Wilderness Hike **Friday, May 18 10:00 AM**

We had originally scheduled this hike for March of 2006, but the hike was rained out. We are hoping that by May, things will have dried out and we can try it again!

Sunol Wilderness is a large protected parcel of land located in the East Bay Regional Park District. Inside the Wilderness there is a plethora of plant communities and plenty of trails through varied terrain. For part of the hike we follow a creek, going past some fantastic rock formations. Another part is across open chaparral. We will take a 4.1-mile loop route that is fairly strenuous (translate "hills") but that may reward us with some beautiful wildflowers and lovely views. The trailhead elevation is 410 feet, with a "huff and puff" climb to 1350 feet in about a mile at the start of the hike. When we scouted the hike, it was a few days after the January rains, and the trail was muddy in places. There were also several stream crossings, but we didn't get our feet wet! Do wear your hiking boots and bring a hiking stick for the steep stretches. We will be having lunch at the end of the hike. There are rest rooms available at the start of the hike.

To get to the trailhead, take Highway 280/680 north towards the Fremont area, passing over the Sunol Grade. Exit at Calaveras Road and turn right. You will see the sign pointing to Sunol/Ohlone Park. Drive south on Calaveras about 4 miles to the junction with Geary, and turn left. Continue on Geary almost 2 miles to the park entrance kiosk. Then continue past the visitor center to an unmarked dirt lot on the left. Note that there is a \$5 entrance fee per vehicle. We will meet in the parking area.

People wanting to car pool, meet at the Camden Park & Ride (Camden & Hwy 85) at 9:00. Don't forget lunch and water.

PC Club Meeting

Tuesday, April 10, 2007, 5:00 PM, SVL

Club members Walt Cole, Dick Stuart and Alan Baker, will give presentations on FreeBASIC, U3 Jump Drive, and Kiva.org respectively. FreeBASIC is a completely free, open-source, 32-bit BASIC compiler, with the syntax that is the most compatible possible with MS-QuickBASIC, and it adds new features such as pointers, unsigned data types, inline-assembly and many others (see <http://www.freebasic.net/>). The U3 Jump Drive platform allows users to take their applications, not just data, with them to any USB-equipped Windows PC and launch them with as little as two clicks (see <http://www.everythingusb.com/u3.html>). Kiva lets you connect with and loan money to unique small businesses in the developing world and help the world's working poor make great strides towards economic independence (see <http://www.kiva.org/>)

IBM Club Web Site for Retirees

In the past, in order to access the IBM Club web site, you had to be an IBM employee. Retirees could not access the site. Recently, IBM has made an IBM Club web site available for IBM retirees. It is a global web site containing information about IBM Clubs all over the world.

In order to access this web site, you must first register. Then you can subscribe to whatever IBM Club is closest to where you live or to multiple IBM Clubs. Our local club is the Silicon Valley IBM Club.

The address of the web site: www.ibm.com/ibm/ibmclub

Once you get there you will need to provide an e-mail address and provide a password in order to register. You must also specify which IBM Club you are interested in.

Swap'N'Shop

Do you remember the old Swap 'N' Shop board in the cafeteria? You could submit a 3x5 card and it would be posted describing the things you wanted to sell or buy. Well, it is now online. IBM employees and retirees can participate. On the first day, more than 100 items were posted and 10 times that number of employees browsed through the site.

Adopt-A-Highway

March 14, 2007

We were Googled and found!

It all started with an e-mail Monday evening before our Wednesday highway clean.

Dear Mr. and Mrs. Dean, (Monday, March 12, 2007 7:46 PM) **I am not an IBM retiree, but I would like to join your group in your cleanup on Wednesday, March 14. I am a high school senior in Fremont and I am over 18 years old. I would like to volunteer as part of my research project on the environment. I am allowed to be excused from school for this project so I can participate on Wednesday. Thank you, Alex Lee**

Dear Alex, (Monday, March 12, 2007 9:06 PM) Your e-mail is very mysterious...how do you know about our clean up? This is the first question that leaps to our minds. Of course we would welcome you...the median age (of our group) is 65...and 18 year olds' energy of mind and body would be wonderful and welcomed. But, we can not take anyone out on the freeway without them having a safety orientation, which I would be happy to do on Tuesday, any hour after 9 AM at our home in San Jose. The safety session takes about an hour. I await your answer, curiously, Evelyn (& Doug) Dean

Dear Mr. and Mrs. Dean (Monday, March 12, 2007 11:36 PM) **I found out about your cleanup by searching adopt-a-highway on Google. I saw your newsletter. Thank you very much for letting me work with your group! I have school tomorrow, but I can be at your house for the safety orientation at about 4 to 4:30, is that okay? Is there anything I need to bring? What is your address? If you need to contact me my cell phone # is ... or you can e-mail me. Thank you, Alex Lee**

Dear Alex, (Tuesday, March 13 2007 9:10 AM) Thanks for the answers. I am amazed! Today would be great! I am home all day so just relax in the commute drive...there is no tight schedule here. Looking forward to seeing you this afternoon and tomorrow. Evelyn (and Doug) Dean

I e-mailed the orientation letter describing our procedures and the volunteers' responsibilities. Alex had orientation that afternoon and became part of our crew on Wednesday.

Let the editor interrupt this e-mail log. I ended up working with Alex. He learned the rules from the Deans and it showed. He was a hard worker and we had a great time together. He had a camera and so did I. So we took photos of each other and the litter. A few are posted on the web site. Look for Adopt-A-Highway Photos in the left column.

Dear Alex, (Thursday, March 15, 2007 9:58 PM) *attached photo collage of Alex's day with us*
Hope you like the collage. Bless you in all you want to accomplish. Thank you for finding us, Evelyn and Doug Dean and all of the San Jose IBM Retirement Club and Adopt-a-Highway volunteers.

Dear Evelyn and Doug Dean and all of the San Jose IBM Retirement Club and Adopt-a-Highway volunteers, (Friday, March 16, 2007 8:22 AM) **Thank you so much for letting me participate in the highway cleanup with your group. I appreciate you taking time out of your day to give the safety orientation to me and I thank you for all the extra effort it took to bring the rookie cleaner out. I'm very glad I found you guys and got to meet all of you. It was so fun just talking to you guys, hearing about all the exciting activities you guys participate in. Thank you for teaching me to appreciate what is given to us and how to give back to the community. I hope when I retire I'm just like you guys! I love the collage! Thanks so much for that! Thank you, Alex Lee P.S. I attached some pictures, I don't have very many, but I picked out some of the good ones I had. Tell me if you want any more. You can see Alex's day with us at the picnic...Tuesday, May 22. Alex plans on majoring in engineering and a lot of our group are retired engineers. Now he knows what happens to retired engineers.**

Par Tee Golf

Ridgemark-Diablo March 12, 2007. No "Shot-of-the-Day" or "Funny-things-that-happen-on-a-golf-course" stories to report. However, Nick Nomm recalled a golf shot from a previous Watson Golf tournament that was played here that will fit into these categories. On hole # 17, a 140 yard par 3, the "golfer" hit his tee shot low, and to the left. The ball hit a curb with enough impact to bounce right back towards the golfers head. (You know "you are having a bad day" when you have to yell "FORE!" to warn yourself of your OWN golf shot! Yes, that was "MY" shot---and the ball landed about 40 yards behind me!) Thanks, Nick for remembering one of my most embarrassing moments! We had a nice turnout of 50 golfers. The format of play was "2 Best Ball Foursome". Here are the results:

<u>Place/Score</u>	<u>Team</u>			
1 / 113	Bill Avery	Gene Levitre	Mike Kuhn	Bill Highlander
2 / 114	Leroy Wallace	Greg Johnston	Bill Jeung	Glenn Yuki
3 / 118	Rich Casey	Regis Auen	Dave Singletary	Larry Rosseland
