Number 5

PRESIDENT'S CHAT

Dear Friends,

At the Board Meeting on April 17, we were informed IBM will no longer print this newsletter which will sever our most popular method of conveying information relating to the San Jose IBM Retirement Club. Our last IBM sponsored hard copy will be December, 2008. In anticipation of the possibility of this occurring, a committee headed by Club Vice President George Walker had already been established to study alternative ways of funding and mailing the newsletter. George reported the most inexpensive offer was made by the United States Postal Services (USPS) at a price of about \$1,000 for the sixteen hundred newsletters we mail each month. At the rate of \$1,000 per month our club would be bankrupt in about three years. All this could be avoided if folks were simply to use the Internet to receive their newsletter. If you don't own a computer, most public libraries have computers available for your use at no cost to you. Alternatively, perhaps a friend or neighbor could print a copy of the newsletter for you on their computer. For those who just don't have any possible means of obtaining the newsletter other than the USPS, possibly an additional fee per year per individual could be introduced to cover expenses. These are just ideas. Board approval must be obtained before any resolution can be reached or even offered. Your comments are welcome.

The Annual Picnic is coming up shortly. Many local merchants have donated prizes, the food is outstanding, and there will be lots of activities such as golfing, bingo and horseshoes. Bring your best gal or guy and come enjoy the day. You will either see lots of your old friends or meet some new ones or both. Please try to attend as it is the club's most popular event and there is time left to sign up. See the reservation form on page 15.

Our Annual Meeting to be held at the Almaden Winery Community Center on October 28 might prove to be very entertaining. We have eight volunteers to serve food but we need some help in arranging chairs and setting up equipment such as sound and video apparatus. Please let me know if you can help. We have a very distinguished speaker, Rod Diridon, who is regarded as one of Silicon Valley's most influential people. The center is located at 5730 Chambertin Drive in San Jose. Did I mention this event is free? I hope to see you there.

Art Dill, Club President

Annual Club Picnic Tuesday, May 20, 2008

Last chance to join the picnic crowd! (see page 15 for reservation form)

The picnic will be held at Cunningham Park in San Jose. The Picnic Committee is all ready for the club's major event, where approximately 400 people will attend. Meet new people, renew old friendships, and catch up with what has been happening. C.B. Hannegan's will be catering again and serving their outstanding selection of BBQ meats with all the trimmings. The day will start at 10:30 AM with coffee, lunch at noon and games starting at 1:30 PM.

Map to the park is on page 11.

-- The Picnic Committee

Dear Editor,

I have had so many retirees respond to my recent hospital visit that I would like to thank all of you for your kind prayers, thoughts and good wishes for a speedy recovery. I am pleased to tell you that I am experiencing a speedy recovery, feeling great, have my daily walk up to thirty minutes. My doctor is pleased with my recovery.

Thank y'all again, I do love receiving your cards, letters, e-mails and phone calls. Cliff and I plan to be at the picnic. We hope to see you all there!

Sincerely, Ina Havens

Tulip Time! River Cruise of Europe April 27 – May 4, 2009 Wine! Cheese! Flowers!

Savor all the delights of spring on this seven-day cruise aboard the Amadeus Princess, from Basel, Switzerland, to Amsterdam, The Netherlands. We will travel on a lovely ship (having to unpack only once) along the Rhine River, stopping at some of the most beautiful old cities in Europe. This ship is a small, intimate one allowing us to travel through waterways that are not accessible to larger ships, while still offering the newest technology available. Excellent cuisine is offered each day for breakfast, lunch and dinner, and regional wine is served with every dinner.

Strasbourg, France, home of a magnificent Gothic-style cathedral, the Council of Europe, and the European Parliament, is an important city on our itinerary. We will stroll through the old town of Mainz, Germany, where we will see the Gutenberg Museum. In Ruedesheim we will visit the 13th century fortress of Adlerturm, and walk along Drosselgasse, a popular and busy lane filled with shops. The next day we will cruise the most beautiful part of the river along the scenic Rhine River Valley and through the Loreley Passage stopping in Koblenz to admire the churches, fountains and views. In Cologne, a city founded by the Romans in 30 BC, we can visit the Cologne Cathedral and tour the old quarter. We will enjoy the lovely and scenic landscapes slipping by as we cruise to Dordrecht, Holland, with its 17th century city gate and the Gothic "Grote Kerk" church. Then we will visit Kinderdijk, a UNESCO World Heritage site. Here is Holland's largest concentration of working windmills, giving us a glimpse into Holland's age old battle with the sea. **At the seventy-acre Keukenhof Gardens, more than seven million tulips and other flowers will be on exhibit!** This should be the peak of the tulip bloom. The last stop on our adventure will be the little fishing town of Volendam whose small brick homes with traditional Dutch doors give this town a unique flair. Its fishermen still dress in traditional caps and baggy-legged pants. In Edam all of the cheese lovers will be treated to the delicious round cheese that bears its name! We leave our ship in Amsterdam to tour the most important sights and soak up the diverse architecture. By this time our memories, both in our cameras and in our heads, will be filled with wonderful pictures of springtime on the Rhine.

The all inclusive cost is approximately \$3700 per person (depending on fuel costs).

***An informational meeting will be held at
Baker's Square (Almaden Expressway at Hwy. 85)
on Tuesday, September 23, 2008, 10:00 AM.***

Once in a Decade Opportunity May, 2010 Oberammergau

When the Plague threatened the village of Oberammergau, Germany, in 1633, the residents made a vow. If they were spared from the pestilence, they would dedicate themselves to presenting the "Passion Play" every ten years. The play depicts the life and death of Jesus and is portrayed by the people of the village to this day. In the year 2000, the cast included 550 children and 2000 adults. It is one of the most powerful dramatic presentations on earth. We have booked it well in advance of the date because it is always sold out. The itinerary for this trip will also include Vienna, Budapest, Prague, Salzburg and Innsbruck.

An initial deposit is required at the time of the reservation, a second deposit is required one year before departure and the final payment is due six months prior to departure. Insurance is available in case of cancellation. We should have pricing soon.

We know that May, 2010, seems long way off, but as we get older it seems time goes faster and who knows who will be around the next time Oberammergau presents the "Passion Play"?

Travel Trips

Discover Thailand November 6 – 20, 2008

It may be winter here in November, but it is the optimum time weather-wise to visit Thailand. The 15 day trip features exotic destinations, beautiful world class hotels, and warm days and nights, and it is an unsurpassed travel bargain. Given the leisurely pace of the trip, it will be an outstanding vacation.

Thailand is known as one of the most fascinating places on earth, with a culture much different from ours. It has very friendly people, and is an outstanding place for shopping for jewelry (rubies and sapphires in particular), for clothing and, in this case, for Christmas gifts.

In Bangkok you will see the Grand Palace, the Emerald Buddha Temple, the Gems Factory and Thai Silk, and the famous Floating Market. Look for some of the 400 Buddhist temples and palaces, and classical dance extravaganzas.

Next stop is Chiang Mai, a historic hill city, noted for its handicraft villages and colorful ethnic hill tribes. There you will see ancient temples and pagodas, Thai handicrafts, and silk and cotton hand weaving factories. You will also visit Borsang, famous for primitive paper making and umbrellas. There is also a night bazaar for shopping.

Chiang Mai is famous for its natural habitat elephant shows. It also features a Temple Tour, including the 700 year old Wat Chiang Mun and two other ancient wats.

We'll visit Ching Rai, known for its scenic views, and the Golden Triangle where Thailand, Laos and Myanmar (Burma) meet the Maikhong River. We'll visit villages where the long-necked and big-earring people live, and see other hill tribe villages as well. There will also be some spare time to explore.

This season has the best weather. At a price of \$2399, plus airport tax and fuel charges, it is a bargain in today's travel. Insurance is included in the base price.

Howard Lewis Memorial Mammoth Lakes Big Hike

July 20-25, 2008

Dear Editor,

Some years back I submitted a letter about Andrew Proctor, my grandson. At that time he was about to attend a world championship golf competition and had not yet started kindergarten. He is 9 now and has competed in many championships, been Arizona State Champion twice, caddied and putted for Phil Mickelson (another lefty) during a practice game at the Phoenix Open. Last year, the Golf Channel flew him to Florida to compete in the national Drive, Chip, and Putt competition. The competition was televised and shown several times on the Golf Channel over the Thanksgiving holiday. Last year he was accepted into the exclusive Tiger Woods Foundation. He has just been invited to be one of six kids in his age group to represent the US Kids in the inaugural competition between the US Kids and European Kids at Gullane, Scotland, in May. His 3 1/2 year-old brother, Bryson, took first place already in Itty Bitty golf in Chandler, AZ, where they live. You might say "They are into golf."

Henry Coe State Park Hike

Friday, May 30, 2008, 10:00 AM

It's time for our group to return to Henry Coe Park. Coe is one of the state parks targeted with closure due to budget constraints. This is most unfortunate, as the park is one of the largest and most beautiful in the state park system. Coe Park is the largest state park in northern California, with over 87,000 acres of wild open spaces. The terrain is rugged, varied, and beautiful, with lofty ridges and steep canyons. Once the home of Ohlone Indians, the park is now home to a fascinating variety of plants and animals, including the elusive mountain lion.

When we scouted the hike early in March, the hills were emerald green and early spring wildflowers were everywhere. For our hike, we have chosen a moderately strenuous 5 mile loop. We'll be heading out on the Corral Trail, then branching out on Spring Trail with an extension to Manzanita Point, which has picnic tables for our lunch stop. We will return via Forest Trail, which is a bit uphill but shady in most places. If we are lucky there will still be some wildflowers. In the more wooded areas we noted abundant poison oak, so you might want to wear long pants.

We will begin the hike at Park Headquarters. To get to the park, go south on Highway 101 to Morgan Hill, exiting at East Dunne Avenue. Travel east on East Dunne for 13 twisting miles to the park. We are suggesting that you allow at least an hour from South San Jose to get to the park. Carpoolers, meet at 8:45 AM at the Cottle Park & Ride (Cottle @ Hwy 85). Bring lunch and plenty of water.

Castle Rock State Park

Friday, June 27, 2008 10:00 AM

Forest, rocks, views....this hike has it all. Explore Castle Rock State Park, located just off Skyline Boulevard in the Santa Cruz Mountains. Long a favorite with rock climbers, the park is known for the sculpted rock outcroppings which are found throughout the area.

We will be hiking a loop of 5.6 miles, following a route high in the western slopes of the Santa Cruz Mountains. The first half of the hike is a downhill route through forest and across a sunny ridge with many of the park's trademark rock formations. We will lunch in a campground area halfway through the hike. The route back is mainly uphill and shaded, again with some interesting rocks to climb across. On the way we will stop at Goat Rock, where we may see climbers practicing their skills. Back at the parking lot, there is an additional .3 mile optional walk to see the park's namesake, Castle Rock.

This is a fairly strenuous hike, with an elevation gain of about 800 feet. Although the trails are well maintained, there is abundant poison oak alongside.

We will meet at the Castle Rock State Park parking lot at 10:00 AM. Note that there is a \$2 per car charge for parking inside the lot. To get to the park, take Highway 85 north to the Saratoga Avenue exit. Turn left at the exit, and continue on Saratoga Avenue through the village of Saratoga. Saratoga Avenue becomes Highway 9, and you will continue on Highway 9 about 7 miles after the village until you come to Skyline Boulevard. Turn left on Skyline, and continue about 2.2 miles where you will see the Castle Rock parking lot on the right.

People wanting to car pool should meet at the Camden Park & Ride (Camden & Hwy 85) at 9:00 AM. Don't forget lunch and water.

Adopt-A-Highway

Thursday, April 10, 2008

We welcomed a new volunteer, seasoned veteran Bob Courtney. Bob also cleans with the Corvette Club and was recruited by his wife Donna, and by Barbara and John Warner. His quote after we were finished: "It was easy! It is always easy when someone else has cleaned before you!"

The explanation for Bob's observation: A week before we were to go out, some lime green bags appeared in our area. Rick Blacksten of Caltrans explained, "We have a litter contractor whom we landscape supervisors share throughout the Santa Clara County area. Normally, I get that team for two weeks at a time. I have them work Hwy 101 for one week and then Hwy 85 for one week. They go from one end to the other and then back again in a week. (My area stops at Bascom.) The eight guys and their driver cover about 20 miles of freeway a week."

Caltrans surprised us with some piles of trees and shrubs that were cut down by the conservation corps. Rick explained that the corps volunteers are of a different type. They made our work so much easier. Shrubs and weeds are effective litter magnets plus they "collect" litter warriors' gear and clothing.

Caltrans gave us a newly designed bag to try out for our April clean. It has ears to tie it closed, eliminating the need for cable ties, a promising improvement. There were mixed reactions, no objections, and one suggestion--Barbara Warner would prefer the bags to be **pink!**

Phyllis Chai found the remnants of an accident in the vicinity of the Santa Teresa off ramp. There were pieces of tire, pieces of car, shattered glass, and a bolt. In the midst of all the debris was a beer bottle. Was beer involved? Does the beer need to get a lawyer? Can an empty beer bottle be sued?

Money: 4 nickels, 3 pennies, 1 shiny new quarter, 4 car wash tokens and 1 Twin Peaks Sports Complex token. Come and see us at the **Picnic on May 20** and we will give away the tokens and other things we have found. We're keeping the money for tail gate treats.

Statistics for Thursday April 10, 2008: **12** volunteers, **19** bags – totaling **2292** bags

Par Tee Golf

Laguna Seca – April 7, 2008. We have a “Good News-Bad News” story. First, the “Good News”! Bill Kurtz “blasted” his ball out of a greenside bunker into the hole! Now, the “Bad News”! It took him six shots to get out of that sand! Next, an interesting story! Bill Avery, Mike Kuhn, Gil Feller and Gene Levitre decided to play “Apprentice Golf!” One simple rule--If you lost your golf ball, you were “Fired!” All went well until Hole #15, a par five, and the toughest hole on this course. (You have to go over a water hazard---twice!) Bill, Mike, and Gil went safely over the first water hazard. Gene hit his ball, which skipped three times on the water, hit a rock, bounced up, hit a red hazard marker, bounced up again, and landed safely in the fairway. Then, Gene hit his ball again, which struck the 150 yard marker (a huge boulder), bounced up, hit a tree, and again landed in the fairway. Mike, Bill, and Gil then hit all of their next shots into the water, and were “Fired!” So, Gene and his “trick shots” became the “Apprentice!” He is calling Donald Trump for a job!

We had a nice turnout of 50 golfers. The format of play was "2 best ball foursome." Here are the results:

<u>Place/Score</u>	<u>Team</u>			
1 / 127	John Grewohl	Tony Scalora	Al Carlson	Lynn Watkins
2 / 128**	Deen Hamid	Wally Gibson	Craig Heacock	Bill Kurtz
3 / 128**	Andy La Scola	Kathy La Scola	Don Johnson	Greg Johnston*

* = “Blind Draw” ** = “Tie Breaker Used”

<u>Closest-To-Pin</u>	#2	#8	#12	#14	#17

	Gil Feller	Tom Baker	Pete Gunderson	Jim Miller	Bob Lyle

	Len Procker	Graham Kelly	Jim McGuire	Wally Gibson	Jim Stonehouse
	18’ 0”	23’ 1”	19’ 2”	18’ 4”	15’ 11”

There were nine bogey golfers (gross score of 89 or better) and they are: Graham Kelly 76; John Grewohl 79; Peter Gunderson 83; Nick Nomm 84; Lou Tolbert 85; Wally Gibson 86; Eric Schrader 87; and Rich Hiser & Mike Higginbotham 89. Congratulations to all the winners!
